OVERVIEW

When we embark on our Maldives trips, a picture-perfect paradise of white sands, blue skies, and crystal-clear waters awaits. With cyan seas stretching out to the horizon in every direction, scattered with 1,190 sparkling white-sand islands and coral cays, the Maldives is a haven for those looking to relax and unwind. Awake to the sun rising over the azure Indian Ocean and snorkel in areas of stunning beauty to see exciting creatures such as manta rays and whale sharks; green, hawksbill, and olive ridley turtles; and bottlenose and spinner dolphins. Surrounding the atolls, you'll also find incredible coral reefs home to diverse wildlife. Aside from snorkelling – which is a magical underworld experience, we explore the villages and the pristine beaches, go island hopping, see the dolphins play in the sea, savor some of the fresh seafood and Maldivian cuisine and explore the town of Male the Islands capital. On this offbeat Maldives experience we stay in less touristy islands to get a real feel of Maldives.
